### WELCOME TO INMYVAULT.com

With over 80MILLION people worldwide actively tracing their ancestry, **INMYVAULT™** brings you a revolutionary personal service, securely recording, storing and archiving all you and your family's most treasured memories; it's an active archive for your loved ones in the future.

**INMYVAULT™** is so easy to use; it's a **SECURE PERSONAL ONLINE VAULT**, that only you can access with your unique vault code. **IMV** provides all the functionality to date enter and archive your inner most thoughts, photos, family history, videos, important documents and records both past and present, input your memories right back to your birth date and watch your vault expand as your life and family grow. Remember, only you determine which entry records you share with others!

Don't delay, **START BUILDING YOUR LIFE LEGACY TODAY** in real time; your dependants and relatives will benefit from knowing the real you, your life story in your own words; ultimately they will be able to unlock and access your treasured life archive, and then... add it to theirs to continue the family history! In addition to their own account parents can start now to record their dependant's early years. Or perhaps you have reached life's later stages and wish to record in confidence, important personal or historical memories from your past.

**INMYVAULT™** also acts as a useful life back up in times of disaster; fire, flood or theft! Download copies of passports, certificates or insurances in the event that these are lost from home; remember you can access your **IMV** account via internet from anywhere in the world.
